- Planning, developing and implementing link building strategies for a number of our SEO clients.
- Integrating your link building process with the other SEO activities undertaken by Zelst.
- Developing innovative ethical link building initiatives.
- Producing regular audits of the performance of client websites making recommendations using your SEO skills / Knowledge to grow traffic on the site
- Produce ideas for new initiatives based on keyword research data with an estimation of the likely impact to enable prioritisation of the work
- Working closely with key client stakeholders to support projects and make sure their delivery is “SEO friendly”
- Producing detailed SEO reports on a monthly basis detailing the impacts made by your work.
- Maintain a record of all SEO implementations made on the site
- You will be expected to stay up to date in new developments in SEO and actively researching, testing and proposing new approaches to improving search engine rankings.
